3 Dip Recipes for Weight Loss

in WEIGHT LOSS on 01/12/22

By Rima Kleiner, MS, RD

Here are three easy dip recipes to try while on a weight loss plan that is high in protein or dietary fiber to help you feel fuller for longer. Protein helps increase fullness because it impacts satiety hormones, like ghrelin. Fiber helps us feel full because it provides bulk. So, reach for high-protein foods like fish and shellfish and fiber-rich foods like vegetables, fruits, and whole grains to help you feel nourished and satisfied for longer.
